### Back in Egypt...

Way, way back in Egypt oh so many years ago

Back amongst the land where the Nile does flow

Elsoowah and Eqwa they were searching in the sand

Hoping for the Red Jewel to appear in their hand

Suddenly a sandstorm came and ruined everything  
Crack! The pyramid opened, inside glimm'ring bling  
Eqwa and her Elsoowah they grabbed it with a tool  
One was being careful and the other was a fool!

The camels were getting angry they were spitting in a rage  
The Red Stone shined so brightly shone for quite an age  
Elsoowah and Eqwa saw the red stone was to blame  
So they picked it up and threw it in the flames

Elsoowah and Eqwa thought that digging weren't their thing  
Swapped jobs with some tourists went to the Valley of the Kings  
The camels were already there still angry at the pair  
Suddenly started charging and gave them both a scare

Elsoowah and Eqwa ran towards the flowing Nile  
Jumping over quicksand chasing on for miles  
The camels went walking off towards the massive pyramids  
Elsoowah and Eqwa moved to England and changed both their names to 'Sid!'
